

Name : P. Jeevan Kumar

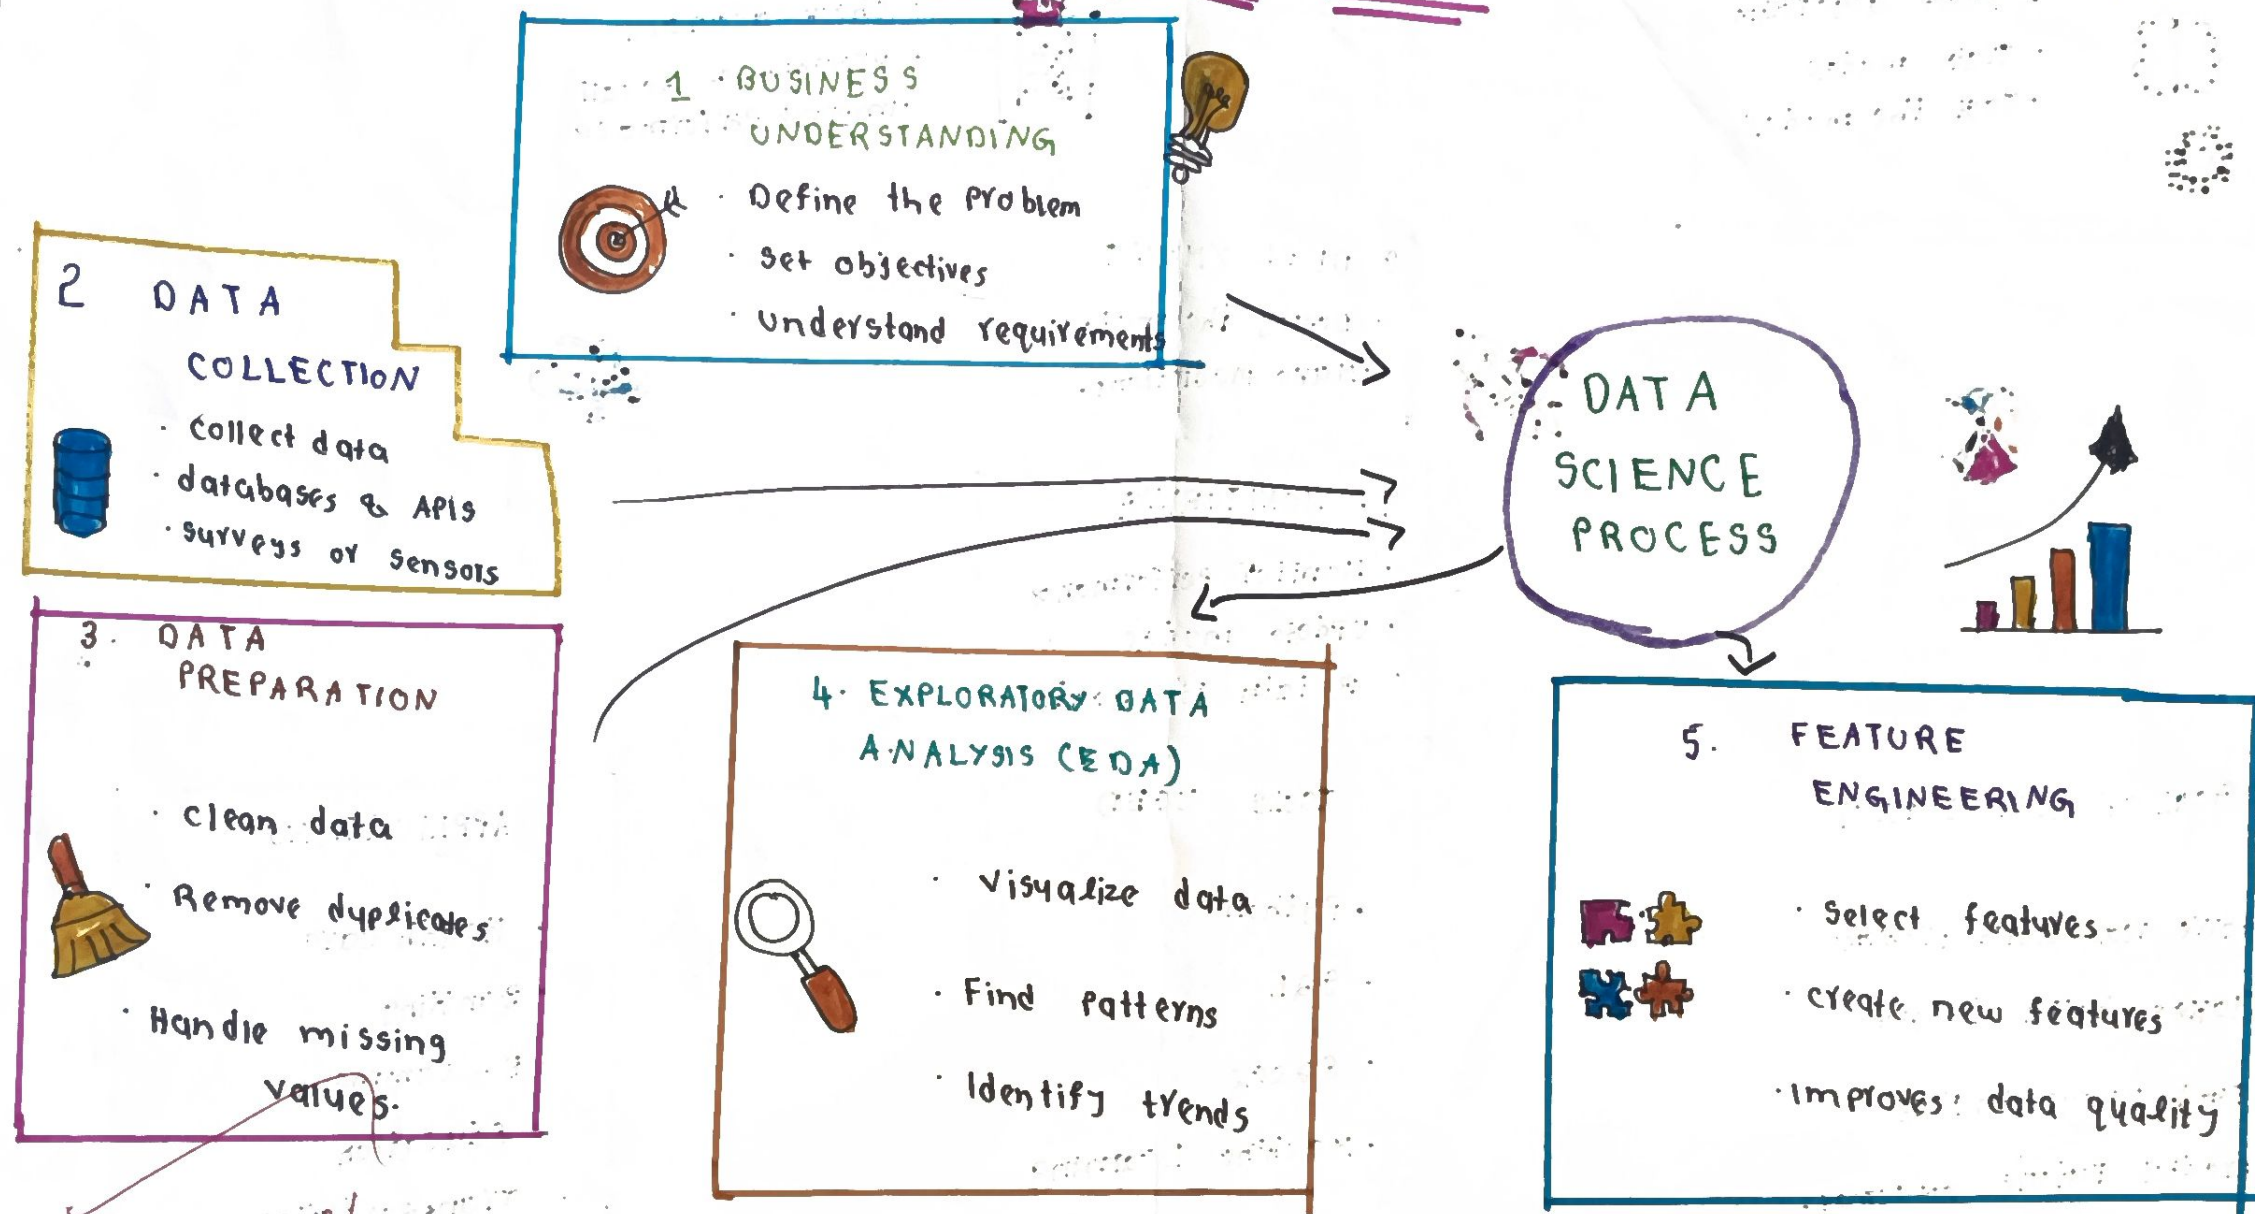

Reg NO : 192472082

Coursecode : DSA0404

Course Name : Fundamentals of Data Science

Faculty Name : KRISHNARAJ. M

Data Science Process

90%

15/7/26

6. MODEL BUILDING

- Select algorithm
- Train model
- Test the model

7. MODEL EVALUATION

- check accuracy
- Precision & Recall
- Improve performance

8. DEPLOYMENT

- Deploy the model
- Make predictions

9. MONITORING

- Monitor performance
- Update model
- Retrain if needed

TOOLS USED

- Python
- SQL
- Excel
- Machine Learning

APPLICATIONS

- Health care
- Banking
- E-commerce
- Education
- Transportation

GOAL OF DATA SCIENCE

- solve real-world problems
- Makes better decisions
- Find useful insights
- predict future outcomes
